A beast to say the least. One of the best tutors Ive ever had, deserves a lot of recognition for his ability to enagage students and balance content with rapport
Anthony was so great, I looked forward to his classes. He held himself with professionalism and knowledge but didn't let that intimidate us, instead he balanced it perfectly with approachability. I have a lot of respect for Anthony and I hope to have him teach me again
Great tutor and very understanding!
His awesome discussions and understanding and calm demeanor
He was very engaging during the tutorials and made the content very easy to understand no matter how complex the topics were.
This is the second time I've had Anthony as a tutor (previously been in his 2071 class). He was super lovely both times I've been taught by him. Anthony really encouraged student participation, always stepped into to facilitate and support class discussions especially when it was a bit quiet/awkward online.
Really enjoyed the perspectives Anthony brought to the class, particularly enjoyed his inclusion of stories and learnings from his clinical practices. Anthony also helped challenge some of my thinking surrounding the course content, and was able to provide a richer level of detail and insight that helped strengthen my understanding of the lecture material. Overall, super pleased with his work this term as my tutor!
He was a great tutor that was super inclusive and engaging.
He empathises with students and really encourages participation
Encouraged class discussion and shared some interesting insights during tutorials.
Always encouraged engagement and created a nice flow for discussions during tutorials. The tutorials were interesting to attend and I enjoyed Anthony's teaching style.
The extra information provided on what we were learning made classes much more interesting and informative. Also loved to hear about your personal experiences and stories on a multitude of topics :)
Enjoyed class presentation discussions!
Anthony was very down to earth, taking time to listen to his students questions – in class and over email. I really enjoyed the fact that he had a blank drawing board during the tutorial break which actually engaged many class members.
<ul style="list-style-type: none">– He encouraged student participation, particularly when classmates asked discussion questions. When the class was silent and people were struggling to formulate an answer/opinion, he would start the discussion, which helped me to formulate an answer.– The way he spoke about topics in the course illustrated his genuine interest in this course, which made listening to his explanations during tutorials engaging.– Overall nice tutor and I really enjoyed attending class
ANTHONY WAS ONE OF THE BEST TUTORS I'VE EVER HAD, HE WAS VERY CLEAR WITH TEACHING CONTENT AND HE WAS SUPER UNDERSTANDING. HE ALWAYS CHECKED UP ON STUDENTS AND MADE US FEEL LIKE WE COULD COME TO HIM FOR HELP IF IT WAS EVER NEEDED AND OVERALL HIS PERSONALITY MADE LEARNING VERY FUN AND ENGAGING.

A little bit more sensitivity towards people with mental disorders.
Being more enthusiastic/energetic can encourage people to be more attentive and further participate in class.
